

On June 1, 2022, the Lexington Public Schools entered into the Massachusetts School Building Authority's (MSBA's) "Eligibility Period" for a new or renovated Lexington High School. The School Building Committee (SBC) was formed to meet the MSBA's eligibility requirements.

The School Building Committee's general purpose is to monitor the application process and to act in an advisory capacity during the design, development, and construction of an approved school project.
