Dane Rota, Chair  
Mason Planning Board  
16 Darling Hill Road  
Mason, NH 03048

Re: Onyx Proposed Gravel Operation  
1524 Brookline Road, Mason, NH

Dear Mr. Rota and Members of the Planning Board:

As we close out the applicant submittals for the referenced project, we both wanted to thank you and the Planning Board members for conducting a professional review and hearing process.

We recognize that the members of this Board have not previously had the opportunity to review and permit a gravel operation pursuant to the Town of Mason, NH Excavation Regulations. We believe that you offered a thorough and fair public hearing process allowing all who wished to speak a full opportunity to speak and provide oral and written comments on multiple occasions.

We look forward to the continuing permitting process with the Mason Selectmen and working cooperatively with Mason officials in the coming years.

Sincerely  
MEISNER BREM CORPORATION

Jeffrey A. Brem  
Principal Engineer
