Elise Angelillo	Ross Wood-Z	

Others Present

Wayne McCutcheon
Des Hudson-Z

The meeting opened at 7pm.

Shirley Hudson application for an annexation. The proposal involves the transfer of 29.2 acres from tax map 217-15 to tax map 217-14.1 owned by the Sites Family Revocable Trust. As a result of this project, tax map 217-15 will be reduced to something like 394 acres and tax map 217-14.1 will be enlarged to 60.5 acres. The application was found to be complete and was approved without objection on a 4-0 vote. The mylar was signed and will be forwarded to the Registry of Deeds.

Master Plan Update: The Planning Board thanked the Conservation Commission for a job well done on the Natural Resource Inventor (NRI) update. Mike Sutherland was also thanked for getting the document up on the town website and for summarizing it in what will suffice as the Natural Resource Chapter for the Master Plan Update. The new NRI is very interactive and has a lot of good information about our town's natural resources.

Jane Stephenson offered and it was accepted to make one sentence change in the introduction of the now revised and completed Economic Base chapter.

The Board is now complete with its field work for the Master Plan update. Some final formatting and posting on the town website will be completed and a public hearing on the newly updated document draft will be held in early August.

The meeting adjourned at 8:15pm.
