Calls

- Dispatch has requested changes to radio practices for Sunapee

 - We will follow it for a period of time, and revisit

- Been listening to other town calls, keeping track of how they operate so we can compare and be consistent

- Today call to Lake Ave, followed protocol

 - When escalated to 1st alarm, why did we get toned last for our own call

 - Ambulance didn't get dispatched for it on escalation

- Wrong unit types (forestry) got dispatched as well, instead of structure (wrong run card)

 - Waiting on info back about the questions

 - shouldn't have to ask, they should be letting us know what

happened when failures, and how to fix

Ambulance

Has taken effect - 7-7 M-F is supposed to be staffed here, 24/7 is out of NLH
Tuesdays haven't been covered due to NLA other roles
Still seeing good response, different but not problematic to date

Personnel

Have new applicant, Betty will pick that up and process when she's back
Other are ongoing from previous

Discussion/Review of job description, contract, and one-page templates.
